WORK EXPERIENCE

Software Program Manager Midway Dental Supply, LLC

01/2022 - 11/2022

Livonia, MI (remote)

Achievements/Tasks

- ▶ Sales History Converter Platform - Created a web app that can take in a customer's sales history with a competing supplier and convert that history to use Midway's part numbers and beat the existing pricing to create a quote automatically. Used Python 3 with Pandas, PHP, TSQL, and AngularJS.
- ▶ EDI Setup - Implemented EDI with a third-party VAN in Midway's Epicor Prophet 21 ERP system using Python to manage the file flow between systems.
- ▶ Reporting Platform - Created a platform using Python 3 with Pandas, TSQL, and SQL Server Express to consolidate automation of all custom reporting from the Epicor Prophet 21 ERP.

Coporate Technology Director Midway Dental Supply, LLC

03/2017 - 04/2020

Livonia, MI

The fastest-growing (50%/+year) dental supply company in the country, Midway tries to deliver every service a dental practice could need.

Achievements/Tasks

- ▶ IT Director - Worked with executive leadership to realize the business intelligence, infrastructure, and software goals of a fast-growing company.
- ▶ Midwaydental.com - Worked with customers and all levels of coworkers to develop a modern B2B storefront. Led the project to select the platform, customize it, and integrate it with the ERP. Served as product owner after the website was launched.
- ▶ Livonia Dist. Center - Managed the main DC's technology including: PCs, scan guns, servers, security systems, network equipment, and VOIP phones.
- ▶ NADG Storefront - Worked with executive leadership to create a customized storefront using PHP on top of the old Midway site in order to secure Midway's first big customer.
- ▶ Database Price Sync - Kept 2MM item/price/customer combinations synced between the B2B site and the ERP using Python, MySQL, and the site's REST API.

WORK EXPERIENCE

Web Developer

Midway Dental Supply, LLC

07/2020 - 12/2021

Livonia, MI (remote)

Contract position

Achievements/Tasks

- ▶ Vendor Sales Report Automation - Wrote a Python 3 script to create the Excel sales reports for Midway's vendors monthly in the various formats they required.
- ▶ ProMed Integration - Wrote an integration in Python 3 to sync specific orders from the Midway ERP to a third-party's shipping system using their API.
- ▶ Inventoried and mapped Livonia facility's IT infrastructure for Midway's new MSP, who was not local to that facility.

Contact : Kyle Steinfeldt, Pricing Analyst - contact info available upon request

Web Developer/System Admin

Midway Dental Supply, LLC

09/2015 - 03/2017

Livonia, MI

Served as sole internal IT support and as in-house developer during Midway's growth into a regional force.

Achievements/Tasks

- ▶ Sys Admin - Administrated and customized the company's Salesforce.com org, their Epicor Prophet21 ERP, and their MS Exchange.
- ▶ IT Support - Responsible for the purchase and upkeep of 200 PCs and scan guns. Troubleshoot all software and hardware issues for the growing company.
- ▶ Midwaydental.com Redesign - Worked with a legacy, outdated B2B platform to create a responsive, modern layout.
- ▶ Chargeback System - Worked with Executive leadership to automate tracking of complex vendor discounts that occur after the sale of the product to certain customers.

Web Development Intern

Midway Dental Supply, LLC

03/2015 - 09/2015

Farmington Hills, MI

Achievements/Tasks

- ▶ Midway Dental App - Developed an Adobe Air-based app for iPhone and Android that handled ordering. It also had an inventory system with an order forecaster and used a PHP/MySQL REST backend.
- ▶ Web Catalog - Used various methods to gather and normalize product data, photos, and file attachments for 100k items.
- ▶ Website Static Pages - Designed and deployed updated static landing pages to the ecommerce website.
- ▶ Web Templates - Designed comps and then coded them as responsive templates that could then be sold to dental practices to use in building their website.
